

# WOOD C&S

## 2018

### 8<sup>th</sup> Wood Coatings and Substrates Conference

#### When and Where:

Thursday & Friday, September 20 & 21, 2018  
The University of North Carolina at  
Greensboro  
Elliott University Center  
507 Stirling St, Greensboro, NC 27412  
Cone Ballroom

#### Featuring:

Industry and Research experts discussing new changes in  
wood substrates  
Expert Speakers on coatings science, raw materials, and  
technology for wood coatings

#### Sponsored by:

University of North Carolina at Greensboro  
Piedmont Society for Coatings Technology  
Wood Coatings Research Group

#### Keynote Speakers:

**Professor Charles E. Frazier**  
**Thomas M. Brooks Professor of Sustainable Biomaterials;**  
**Director, Wood-Based Composites Center; Ph.D. (Virginia Tech)**

**Professor Rigoberto Advincula, Ph.D.**  
**Case Western Reserve University**  
**Dept. of Macromolecular Sci. & Eng.**

#### Who should attend Wood C&S?

- Chemists and Formulators dedicated to improving wood coating performance and ease of manufacture.
- Raw material and equipment suppliers requiring competency in the wood and wood coatings discipline.
- Students interested in pursuing a career in the coatings, material sciences, and chemical sciences disciplines.
- Educators interested in the wood coatings market and related material science technologies.
- End users who need coatings to add value to their products.
